Amazon.com: InFocus IN24 DLP Projector: Electronics

I've owned an Infocus X1 for 3 or 4 years now. Besides the color wheel noise that happened last year, it was always a great projector. Infocus repaired the unit under warranty and even upgraded my firmware so I had more features. Recently I decided that I'd like to buy something new since the extended warranty period was up on the X1.

Infocus IN24 projector lamp

When it's time for a replacement Infocus IN24 projector lamp, this guide can help you out. Importance of authentic. Resist the temptation to buy a cheaper generic lamp as they can cause your InFocus N24 projector to not work properly. When you purchase an authentic projector lamp, you're guaranteed a lamp that has been manufactured with high quality parts and calibrated to your projector.

InFocus W240 DLP Projector for sale online | eBay

I bought this projector because I was looking for something easy on my wallet and of equivalent quality to modern LED projectors. The first thing I loved about this InFocus W240 DLP projector was the resolution of the image; a nice 720p approximate, maybe more. There are plenty of settings built-in to adjust the image to my needs.
